

Partner Spotlight Winners – June 2011

EIM International (Americas)

EIM has a long track record of successful deployments using document and records management, collaboration, workflow software, PDF rendering, and imaging software. EIM International is Premier Partner for OpenText specializing in OpenText Content Server - eDOCS document management and LegalKEY records management systems and their integration with a core group of applications.

EIM's president, Peter Lieber, participated as a speaker on the eDOCS track at NYC's Content Day, May 5th. His presentation was entitled: "eDOCS at the Core" and focused on various case studies of EIM clients who had added onto their eDOCS environment with other OpenText solutions (eMail Filing Suite, Mobility) or enhanced their DM in other ways.
