

TRAVELING COACHES BECOMES AN AUTHORIZED TRAINER FOR EIM INTERNATIONAL

March 21, 2005, Dallas, Texas — Traveling Coaches, Inc. announced that it has entered into an agreement to become the first authorized training center for EIM International. EIM is the leading provider of document management services and software including DMFolders and the Winc family of products. Traveling Coaches is a nationally recognized provider of training and integration services to law firms and corporate legal departments.

Under the terms of the agreement, Traveling Coaches will operate a certified training center for EIM products. EIM customers and partners will now have a source for hands-on training in the configuration and use of EIM's products. According to Joshua Wertheim, the company's founder and president, "We have worked with Traveling Coaches for years and are thrilled they will take an active role in training our customers".

Headquartered in New York, NY, EIM International is a leading provider of technology-based solutions for its clients' document and content management needs. Founded in 1994 by Joshua Wertheim, the company focuses on electronic document management systems, as well as providing solutions for many different phases and functions of information systems implementations. EIM has an unprecedented level of insight into how systems work, and provides solutions in the following categories: Document Management, Enterprise Content Management, Records Management, Document Imaging, Business Process Management, Document Templates, Macros and Custom Development, and Document Comparison and Conversion Utilities.
